

False Alarm Prevention

Tips for ZERO False Alarms

At Home

Avoid objects that trigger your alarm:

- Unlocked doors or windows
- Loose fitting doors
- Open windows
- Unsupervised pets
- Mylar balloons
- Drafts that move plants and curtains

With People

Enhance your alarm system's potential:

- Train responders with keys on complete system operation
- Instruct domestic or repair persons on how to fully operate your system
- Use deadbolt locks
- Expand your protection with an alert and concerned neighborhood watch

With Your System

Make sure you do periodic checks of your alarm system:

- Replace main battery every three to five years
- Test your alarm system monthly
- Schedule routine maintenance checks by the alarm system company
- Contact alarm company after household changes (remodeling, pets, etc.)
- Questions??? Refer to your owner's manual or contact your alarm company
