Sheriff's Office Outfits Patrol Deputies with Body Cameras

Onondaga County, New York – The Onondaga County Sheriff's Office reports that uniformed patrol deputies are now equipped with body worn cameras.

Over the past month, Onondaga County Sheriff's Deputies have received several hours of training on the Axon Body 3 camera, which has Wi-Fi capability and 12- hour battery life with the ability to recharge while the camera is turned on. The sheriff's office began utilizing the cameras on patrol this month and have outfitted approximately 100 uniformed deputies.

The cameras will assist in showing accountability and transparency when dealing with the public.

Click on the link for more information on the Axon Body 3 camera.
